Member Handbook

I. WELCOME

In order to make the time you spend here more enjoyable and rewarding, we invite you to become acquainted with our staff, programs and services. This handbook will provide you with general information regarding your membership, our facility and CORE policies. Information about our programming can also be found on our website: www.COREhobbs.com. We take pride in the friendliness of our staff and their willingness to assist our members. Your thoughts, comments and questions are always welcome.

A. MISSION STATEMENT

A state of the art facility that enhances the quality of life, provides economic development and improves the health of area residents. An intergenerational place for our residents and guests in our community which offers indoor, year-round opportunities for social interaction, learning, fun and fitness for all ages and abilities. A place where families can enjoy multiple activities in one location.

B. OUR PARTNERS

The CORE is not only a facility that will be admired, enjoyed and marveled at by residents and visitors for years to come, but the unique public/private partnership that is responsible for the concept, design, and construction of the CORE is just as important and will be the model for other such partnerships across the country.

Over a decade ago, leaders of Hobbs and Lea County set out to collectively determine the best ways to improve the "Quality of Life" for those living in Lea County and those visiting, be it for leisure or work.

The Lea County Quality of Life Committee was established that was made up of leaders from throughout Lea County and from this Committee the six Partners for the CORE project emerged:

SICK CHILD POLICY

Under no circumstances may a parent or guardian bring a sick child to CORE Kids if the child shows any signs of illness (see [SYMPTOMS THAT WOULD DENY ENTRY TO CORE KIDS](#)), or is unable to participate in their normal routine and regular program. Sick children may expose all children and staff members who they come in contact with. This is disruptive to other children and their families so your cooperation on this issue is extremely important.

Symptoms that would deny entry to CORE Kids:

- 1) Fever AND sore throat, rash, vomiting, diarrhea, earache, irritability and/or confusion.
 - a) Diarrhea: Runny, watery, bloody stools, or two or more loose stools within the last 4 hours.
 - b) Vomiting: Two or more times in a 24 hour period. Note: Please do not bring your child if they have vomited in the night.
- 2) Breathing trouble, sore throat, swollen glands, loss of voice, hacking of continuous coughing.
- 3) Runny nose (other than clear), draining eyes or ears.
- 4) Frequent scratching of body or scalp, lice, rash, or any other symptoms that resemble childhood diseases, including ringworm and Hand Foot and Mouth.

Note: Many times our CORE kids may get blamed for the illness of a child, meaning that we have "allowed" sick children to enter. When sick children are brought to our facility, our entire staff is also at risk of exposure. We STRESS this again – if you are not sure whether or not it is okay to bring your child, please call ahead to ask us. We may require a doctor's decision as to whether or not the child is contagious.
